FOR IMMEDIATE RELEASE

SWR INSTITUTE ANNOUNCES THE ELECTION OF 2008-2009 BOARD MEMBERS

Kansas City, MO: March 14, 2008 — Sealant, Waterproofing & Restoration Institute (SWR Institute) has announced and would like to congratulate the 2008-2009 Board of Directors to serve during the Association's 32nd anniversary year. The election was recently held at the 2008 Winter Technical Meeting in Cancun, Mexico.

Elected President for 2008-2009 is Eric Johnson, Spray-O-Bond Company, in Milwaukee, WI. Johnson's primary focus during his term as president will be developing and growing alliances that SWR Institute has formed with allied associations and organizations, updating and creating publications to educate the industry and emphasize the importance of committee involvement.

Serving with Johnson are Frank Halsey, Mid-Continental Restoration Company, Inc, elected as President-Elect and Jed Daniel, Seager Waterproofing, Inc. in Greensboro, NC, elected as Secretary/Treasurer and Immediate Past President Bill Leonhard, Allied Waterproofing, Inc., Lyons, IL. These officers make up the Executive Committee that will lead this year's SWR Institute Board of Directors.

The Directors elected are David Boyer, PROSOCO, Inc., Lawrence, KS; David Carter, Chapman Waterproofing Company, Inc., Boston, MA; Jim Grady, Tri-State High Rise Services, Poughkeepsie, NY; Mark Howell, Structural Preservation Systems, LLC, Elkridge, MD; Peter Vorhees, Everest Waterproofing & Restoration, Inc., San Francisco, CA.

The new directors join current directors already serving, Chris Brown, Conproco Corporation, Dover, NH; Dan Cain, George D. Alan Company, Irving, TX; Kami Farahmandpour, Building Technology Consultants, PC, Arlington Heights, IL; Ron Pilla, Valcourt Exterior Building Services, Elizabeth, NJ; Al Rose, Richmond Primoid, Inc., Richmond, VA. For a full contact list of the 2008-2009 SWR Institute Board of Directors, please [click here](#).

SWR Institute is an international trade association that represents the commercial sealant, waterproofing and restoration construction industry. With over 260 member companies, SWR Institute's membership represents some of the most experienced and qualified contractors, manufacturers and design professionals in the industry. Through educational programs and publications, SWR Institute members promote industry-wide standards of application and products. For more information please go to www.swri-online.org.
